DAS Dalmatians Newsletter

January 2020

- Busy start to 2020 for DAS Dalmatians and although no rehoming takes place over the holiday period, life is still busy at DASVILLE
- 7 dogs have been rehomed since the last newsletter and more have been adopted and wait to travel to their furever home
- Thank you to everyone who contributed towards our Christmas Tree Appeal. You managed to feed the spots for 101 days - Amazing!
- DAS were gifted 3 bags of food from the makers of Dr John - Gilbertson & Page (preferred food for DAS dogs)
- Butchers dog food also donated a pallet of food trays which was amazing and some were given to the homeless who have dogs, in memory of Edna, one of our oldies who died in November, as her Dad was made homeless....we haven't been able to use any of it yet as they haven't sent an ingredients list
- We are sad to announce that since the last newsletter, both Edna and Blue have crossed Rainbow Bridge. Edna was 14 and Blue 12. They will both be missed very much.
- New Hoodies are now available details are on website and further on in the newsletter <https://www.dasdalmatians.co.uk/shop>

- DAS Dalmatians calendar sold out
- The DAS critter family has seen a few more additions and the oldies 'over 10' club increases. They will need their own fundraiser soon! :)

TALES OF THE ADOPTED DAS DOGS

FLASH

We adopted Flash two and a half years ago aged 10 months. We already had an adopted dalmatian called Pandora aged 18 months. It was mental at first two young dogs jumping and bouncing about. Every bed I got, Flash destroyed, even blankets and quilts, he still sometimes likes a wee chew at a blanket. They are both so settled now and sleep together in the same bed. Flash is a beautiful loving dog. Thank you, you do an amazing job.

Hugs from Flash and Pandora xx

LUKA

Hello my name is Luka. I would like to share with you my adoption story. I was a sad little 5 month old for sale on some silly website when the lovely people at DAS found me and got my foster mummy to come get me. I was living with two other dalmatians and some small people in my foster home when a friend of theirs came and met me. Then they introduced me to their dog Hunter. Little did I know that they wanted to see if me and Hunter got on well, which of course we did as I like to play and so does he. They then got in contact with DAS and decided that they wanted to give me my forever home. The first night at my new home I found it strange and different. There was no little people and new smells but I soon settled right in as if I owned the place (I do, just so you know!) My new mummy was off work for the week so I could settle in but my new dad had to go to work. I didn't like that so I stole his socks in the morning so he couldn't get ready (dad says that's when I stole his heart). I now get to spend my days at work with mummy and my brother playing with ponies and helping mum find them in the fields. I have been with my family now for nearly 2 years.

I love my house and my adopted spotty brother and stealing toilet rolls. Still not too sure on the ponies though. Thank you to all those at DAS who helped me find my perfect family I would hate to think where I would be now without you.

Lots of love and wet kisses.

Luka

Thank you so much to all who have shared their stories. It's always lovely to hear of 'success' spots and how they are doing. They all have a story to tell but whatever their past has been, good or bad, they are all loved and leading great lives now.

Certainly landed on their paws.

Thank you and Thank You DAS

SPOTLIGHT ON A PERMANENT DAS DOG

PALOMA

I am 5 years old. I am called Paloma after the singer cos I too am unique! I came here because I was a naughty girl and 'bit' my Mum so the vet said I should be killed. My family rang my Mum and asked her to help so I'm now living with her and my Dad. When I met my Dad, I had a muzzle on cos I wanted to rip him to shreds but my Mum took it off me when we got back here and she sat talking to me telling me that it was going to be ok...I still wanted to eat her though. Then when all the other critters were inside, they let me out to explore and I went and sat with them cos really they are not that scary and Mum gave me some nice tasty things to eat. Dad said I was beautiful and that they were going to help me not be scared anymore. I spent the first 2 weeks wanting to eat them cos I was so frightened, this was not my home and I don't know them. I have been here for nearly 2 years now and I am still scared sometimes and don't like strangers cos I want to eat them. Mum has to put me inside when people come to visit but I love my brothers and sisters and adore my new Mum and Dad. I am glad that my original mum and dad didn't listen to the nasty vet and found mum and dad to love me.

Paloma cannot be rehomed
but she is available to sponsor from
£5 per month

Note from Sue :

Paloma is an absolute little witch who causes chaos and charges at the Danes but my god we love her !!

RAINBOW BRIDGE

In the last few weeks two of DAS dearly loved spots have crossed Rainbow Bridge, Edna and Blue, both members of the oldie gang at DASville

EDNA

Edna, aka Egnog, was 14 years old when she came to DAS. Her dad became homeless and she had nowhere to go. She had been with him all her life. When she arrived she needed to have several teeth out but as you can see by her smile she still enjoyed life despite all her aches and pains. She stole the hearts of many and will be greatly missed. Have fun up there with Blue and all your friends, gorgeous girl.

BLUE

Blue came to DAS when his mum died and he was going to be put to sleep. He was brought back by Dave who travelled a long way to get him. Although he could be grumpy sometimes, he was truly loved for the 2 years he was at DAS.

You will be so missed Blue.

Run free with all the friends that have gone before you.

♥ We may not be together ♥
in the way we used to be
we are still connected by
a cord no eye can see
so whenever you need to find me
we're never far apart
if you look beyond the horizon
and listen with your heart

Quick note from Sue :

The only way to contact DAS is now by e mail.

I asked recently for people to stop using my personal profile for messages as it is relentless. Whilst I realise that messages are important, so is my personal privacy and messages have been missed.

As I have taken a step back from the re homing side of things, we have decided that to try to save our sanity again, we are asking people to only useinfo@dasdogs.co.uk to get in touch.

Thank you for understanding

I would also like to thank the person who has taken over from me and will be managing the re homing side of the rescue ... he is a god send to me.

His identity will remain private so that he too does not get bombarded by messages.

We are still in need of foster homes please and volunteers throughout the UK
